

# Seeds of Knowledge

A Professional Development Workshop Series for K-7 teachers  
presented by  
**Agriculture in the Classroom**

Virginia's AITC program provides teacher training workshops throughout the Commonwealth. Hands-on activities, grade level appropriate SOL-aligned lesson plans, and other resource materials are available to workshop participants. Additionally, each teacher receives a free teacher resource kit with curriculum, books, posters, and much more!

Workshops incorporate:

- ◆ SOL-aligned lessons, activities, and experiments
- ◆ High yield strategies and real-life applications, which bring the standards to life
